

FREE VIRTUAL STEM CAMP!

Artesia Carlsbad Eunice Hobbs Jal Loving Lovington

Inspired by Science

Winter STEM Camp

Self-paced virtual camp for youth ages 7-12
begins **December 12, 2020**

About Us

In 2013, Deena Antiporda and her family established Inspired by Science in Carlsbad, New Mexico. With volunteers and community partners, the organization has held a hands-on summer science camp every year since 2014.

Inspired by Science became a 501c3 in early 2020 and is expanding its support of elementary science education to other Southeast New Mexico communities.
